4.2 Selection procedures:

The project evaluation and award of grants shall be in accordance with Article 7.4 of the Regulation.

The Programme Operator shall be responsible for project evaluation and for the award of grants.

The Programme Operator shall appoint a person who is going to lead and coordinate the selection process.

Experts nominated by the Programme Operator shall review the applications for compliance with administrative and eligibility criteria. Applicants whose applications are rejected at this stage shall be informed and given a reasonable time to appeal that decision.

Each application that meets the administrative and eligibility criteria shall be reviewed by two impartial experts appointed by the Programme Operator, at least one of which shall be independent of the Programme Operator and the Selection Committee. The experts shall separately score the project according to the selection criteria published with the call for proposals. For the purposes of ranking the projects, the average of the scores awarded by the experts shall be used. If the difference between the scores given by the two experts is more than 20% of the higher score, a third expert, who shall be impartial and independent of the Programme Operator and the Selection Committee, shall be commissioned by the Programme Operator to score the project independently. In such cases, the average score of the two closest scores shall be used for the ranking of the projects.

The Programme Operator shall establish a Selection Committee. The Selection Committee shall consist of a Chairman and a secretary – representatives of the Programme Operator – without voting rights, and at least three voting members. At least one of the voting members shall be external to the Programme Operator and its Partners. The FMC, the DPP and the National Focal Point shall be invited to participate in the Selection Committee meetings as observers.

The Programme Operator shall provide the Selection Committee with a list of the ranked projects. The Selection Committee shall review the ranked list of projects. The decision of the Selection Committee shall be taken by consensus of all voting members. The Selection Committee may modify the ranking of the projects in justified cases, in accordance with objective and commonly agreed criteria related to the objectives of the programme. The justification for modifications shall be detailed in the minutes of the meeting of the Selection Committee. The minutes shall be signed by all members of the Selection Committee. The Chairman of the Selection Committee shall submit a report, including the list of the recommended projects, together with a reserve list and the list of rejected project proposals and the reason for their rejection, to the Programme Operator.

The Programme Operator shall verify that the selection process has been conducted in accordance with the Regulation and that the recommendations from the Selection Committee comply with the rules and objectives of the programme. Following such verification, the Programme Operator shall, based on the decision of the Selection Committee, make a decision on which projects shall be supported. The Programme Operator may return the report to the Selection Committee requesting a repetition of the selection process in case of a violation of the procedure that can be remedied or not approve the report when there has been a serious violation of the procedure. The Programme Operator may modify the decision of the Selection Committee in justified cases.

The Programme Operator shall notify the applicants about the results of the selection process within a reasonable time and publicise the results. If the modification of the ranking of the projects by the Selection Committee results in a project's rejection, or if the Programme Operator modifies the decision of the Selection Committee, the Programme Operator shall inform the applicants affected and provide them with a justification for the modification.

The process set out in this Article shall apply to all calls for project proposals, including under the SGS, under this programme.

Grants to all projects from the programme may be up to 100% of total eligible expenditure of the project. In the case of projects where the project promoter is a social partner, as defined in Article 1.6 of the Regulation, the project grant rate may be up to 90% of total eligible expenditure of the project. The project grant rate shall in all cases be set at a level that complies with the State Aid rules in force and takes into account any and all other forms of public support granted to projects.
